MT WEB SITE

Joe Martin, our Web Master, has recently been updating and trying to keep current our web site (Myrtletracesc.org), which as a reminder, is the official source of information, along with the News and Views, for our community. The web site has over time been streamlined, is more accessible and is where residents can easily locate information from Homeowner resources, Activities, Committees, HOA Board Activities and the News and Views. Much time and effort has been put into our web site and we will be encouraging our residents to avail themselves of one of the most useful tools we have available to keep them informed and updated.

**Deadline for items for the October News and Views:

**Delivery of the October News and Views:
Saturday, September 30, 2023**

Respectfully Submitted
